You May Be Right v2

Billy Joel, 1980

Intro: [D] [D]

[D] Friday night I **[D]** crashed your party, **[D]** Saturday I **[D]** said I'm sorry
[D] Sunday came and **[D]** trashed me out a-**[A]**gain **[A]**
I was **[Em]** only having **[Em]** fun, wasn't **[C]** hurting any**[C]-**one
And we **[A]** all enjoyed the **[A]** weekend for a **[D]** change **[D]**

I've been **[D]** stranded in the **[D]** combat zone,
I **[D]** walked through Bedford **[D]** Stuy alone
Even **[D]** rode my motor**[D]**-cycle in the **[A]** rain **[A]**
And you **[Em]** told me not to **[Em]** drive, but I **[C]** made it home a**[C]**-live
So you **[A]** said that only **[A]** proves that I'm in-**[D]**sane **[D↓]**

Chorus: You may be **[A]** right **[A↓]** I may be **[D]** crazy **[D]**
But it **[A]** just may be a **[G]** lunatic you're **[Bm]** looking for **[D]**
Turn out the **[A]** light **[A↓]** don't try to **[D]** save me **[D]**
You may be **[G]** wrong for all I **[A]** know but you may be **[D]** right **[D]**

Re**[D]**-member how I **[D]** found you there, a**[D]**-lone in your e**[D]**-lectric chair
I **[D]** told you dirty **[D]** jokes until you **[A]** smiled **[A]**
You were **[Em]** lonely for a **[Em]** man, I said **[C]** take me as I **[C]** am
Cause you **[A]** might enjoy some **[A]** madness for a **[D]** while **[D]**

Now **[D]** think of all the **[D]** years you tried to,
[D] find someone to **[D]** satisfy you
[D] I might be as **[D]** crazy as you **[A]** say **[A]**
If I'm **[Em]** crazy then it's **[Em]** true, that it's **[C]** all because of **[C]** you
And you **[A]** wouldn't want me **[A]** any other **[D]** way **[D↓]**

Chorus: You may be **[A]** right **[A↓]** I may be **[D]** crazy **[D]**
But it **[A]** just may be a **[G]** lunatic you're **[Bm]** looking for **[D]**
Turn out the **[A]** light **[A↓]** don't try to **[D]** save me **[D]**
You may be **[G]** wrong for all I **[A]** know but you may be **[D]** right **[D]**

Outro:
[D] You may be wrong but you **[D]** may be ri-ight
[D] You may be wrong but you **[D]** may be ri-ight
[D] You may be wrong but you **[D]** may be right **[D↓]**
